 **The river ship Biokovo - a creative centre of informal education**

 InduCult2.0 | PP8 Sisak-Moslavina County | Maja Mahmutović, maja.mahmutovic@smz.hr

THE CONCEPT PAPER

- Concept paper “Conversion of industrial cultural space into creative centre of informal education”
- Educational programmes / Guidelines for conversion of an old industrial space into a creative centre of informal education
- Main target group: young and unemployed people
- Main aim of the centre: to increase life quality of all residents from Sisak-Moslavina County
- Location: the river ship “Biokovo” situated in Sisak

Picture 1: Ship “Biokovo” before and after reconstruction

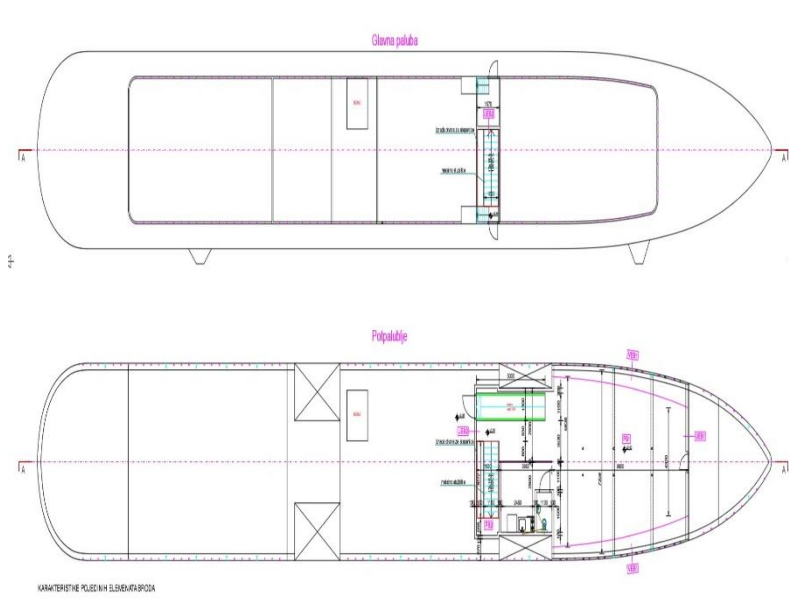

Picture 2: Current condition

- Location: Front of the lower part of the boat
- Size: 110,90 m²
- Current condition: without walls and floor, without visible support bars, plumbing, drainage, heating and cooling installations, as well as electrical installations are not carried out

Picture 3: Tehnical design

CONTENTS OF THE CENTRE:

- Hall of the creative centre of informal education
- Sanitary facilities
- Tea kitchen
- Communication with the mail deck

- on disposal for everyone, primarily young and unemployed people
- a role of entertainment space and informal learning space
- various events, exhibitions and workshops - increasing the quality of life and leisure time for the residents of SMC
- through its own resources and EU funds - reconstruct and equip the Centre
- first example of linking a creative center for young people with modern amenities to a water-based building
